## LETTER FROM ACADEMY GRADUATE OF 1939

Miss Charlene Lucile Bentley recently returned to Pikeville from Chicago. She presented a letter to the editor of *The Record*, asking that he publish it, for she felt assured that the Academy teachers would be delighted at the success of the members of the graduating class of 1939. The following letter was written to Miss Bentley by another member of that class:

July 15, 1952,  
Los Angeles, California,  
Box 312.

Dear Lucile:

The other evening I looked through our school *HIGHLANDER* for the year 1939. Now, as I think over those days, the teachers may not have been so cruel as they seemed. I'm glad they exacted several things from us, especially in the English Literature.

I have saved all the clippings I have found in newspapers concerning our class of '39, and I have heard of our class members from other sources too. It seems that every member of the class has achieved something outstanding. I saw the article in the paper which told of your receiving the highest award ever given a nurse for her work in the field of spinal meningitis.

Beulah Mae Roberts is the Superintendent of Nurses in the Methodist Hospital at "dear old Pikeville."

Do you ever see Bobby Henderson? He is engineer on the Western Pacific Railway now. He was graduated from Georgia Tech a year or two ago. He is president of the Brotherhood of Engineers also.

Do you remember Joan Salt from Detroit? She is now starring in "That Diving Star" as the Diving Star. She is gaining great fame from her graceful dives.

I found the following information in the *Courier Journal* about Charles Chrisman: "Mr. Charles Chrisman, an outstanding engineer of the county, presented his Alma Mater with a new five-story gymnasium. It has an excellent arrangement of playing floors and recreation rooms."

Maxine Ratcliffe earned her B.M. degree in music, is one of the world's outstanding horsewomen, finally married an English physician, and is now living on a Virginia plantation.

James Thacker, our Senior president, is now America's most brilliant engineer, the only four-time winner at the Indianapolis Motor Speedway, three times winner of the Bendix Transcontinental and Western Air Trophy, and numerous speed records have been broken by him.

I suppose you know one of the greatest projects of the modern age was completed the 13th of this month. The great transcontinental highway was finished, linking North America with the nations of Europe and Asia. The last stretch was the Bering bridge, connecting Asia with Alaska. Due credit is given Francis L. Rice, the contracting engineer in charge. He was largely responsible for its construction.

I saw Frankie Hames last week. He has a tailor shop in Pikeville. His advertisement says, "I fit all sizes, even mine." He has now taken Edgar Rice's place in cartooning for Tarzan. Yes, I nearly forgot, he married a lovely little woman about six inches shorter than he is, and they have two children.

I hope to see you at one of my lectures. I have resigned my post as the Head of the Department of Economics at the University of Chicago and am now touring the U. S. and speaking on the subject "Vitamins and the Human Body." In the spring I plan to tour Europe and speak on the same subject.

Sincerely,

ELIZABETH FORSYTH.

## Y. M. C. A.

The current year has seen a hopeful growth in the activities of the Pikeville College Y. M. C. A. Under the capable direction of President Hubert King and his cabinet, the regular Tuesday meetings have proven highly profitable to the many men of the campus who have made it a practice to attend all the "Y" activities. Mr. King was assisted in office by Vice President Byno Meade, Secretary Richard Cole, and Treasurer York Varney. Members of his cabinet included Messrs. Layne, Ralph Johnson, Ketchersid, and Dixon. The sponsor of the

group was Mr. Leitch. In addition to discussion meetings in which the members took part, the organization profited by the appearance from time to time of various speakers both from the college faculty and from leading men of the district. Several joint meetings were held with the Y. W. C. A., and especially fine service was rendered by both organizations during the services of Spiritual Emphasis Week. It is hoped that the work of the "Y" will continue to be felt as a positive spiritual force on the campus.

HISTORY CLUB • JOHNSONIAN CLUB

# HISTORY CLUB

The History Club, which was organized in the fall of 1936 under the sponsorship of Mr. Page, is one of the largest clubs on the campus. Its interests are both social and intellectual. The programs are centered around either some event which has influenced history, or some current topic

which seems to be history in the making. Members have been encouraged to collect local historical material for the library. Many interesting and instructive programs have been presented this year, and the social life has been enhanced by parties given.

PUBLIC SPEAKING • PSYCHOLOGY CLUB

## DEBATERS AND SPEAKERS

Debaters, orators, extemporaneous speakers, dramatic readers, and poetry readers of Pikeville College have brought to our campus considerable honor through their initiation into Phi Rho Pi, a national honorary forensic fraternity for junior colleges. This is Pikeville's first national fraternity of a scholastic nature, and Pikeville is the first college in the state of Kentucky to gain membership in Phi Rho Pi. Two members of the local group, Huudson and Ratliff, were given

the Degree of Highest Achievement by this national organization.

The schedule of the year was as follows:

Georgetown College at Georgetown, Ky Feb. 21  
Rio Grande College at Rio Grande, Ohio Feb. 22  
Bluefield College at Bluefield, W. Va. . . Mch. 10  
Concord College at Athens, W. Va. . . . Mch. 11  
Divisional Tournament of Phi Rho Pi at

Tenn. Wesleyan, Athens, Tenn. . Mch. 23-25  
State Forensic Tournament at Lexington . Apr. 8

## APPLIED PSYCHOLOGY CLUB

Organized this spring by Mr. Curtis, the Applied Psychology Club is the newest organization on the campus.

Its purpose is to select and discuss psychological principles that can be utilized by the members in their every-day lives and in their future vocations. Special emphasis is placed on the use of psychology in business, in teaching, and in the development of personality.

Mr. Davis of the English Department and Mr. Ashby, of the Department of Business Administration and Secretarial, act as technical advisers in the application of psychology to their fields.

The interest of the students in these objectives was evidenced by the fact that thirty-five of the student body were enrolled as charter members.

# HOME ECONOMICS CLUB

The Home Economics Club has aroused much interest among its members by the meetings it has held. A short two-act play was presented by the members under the direction of the sponsor.

Through the club the members have come to recognize what the field of Home Economics has to present to young people as an interest in life and as a means of livelihood.

COLLEGE BAND • ACADEMY GLEE CLUB

## THE COLLEGE BAND

The Band is sponsored by the Parent-Teacher organization of the Training School and Academy and is directed by Mr. Cecil Wallace of Pikeville. It is composed of about twenty members drawn from the Training School, Academy, and College students.

It has made great progress in the four months of its existence. At the beginning very few of its members knew anything at all about the instruments or music they were to play, but in this short period they have been able to make quite a creditable showing at all their performances.

They have played for chapel services, our ball games, and P.-T. A. They are scheduled to play in the Music Festival in May.

Pikeville Tennis Club	vs.	Pikeville College	
P. Tennis Club	4;	P. College	5

The tennis team will play a match with Morris Harvey College, Charleston, West Virginia, April 7. A return match will be played with the same college toward the end of the season.

Negotiations are under way with Carnegie Tech, Duquesne University, University of West Virginia, and the University of Kentucky to secure matches with the Freshman teams of these institutions. The team expects, also, to arrange matches with Kanawha College and other junior colleges close by.

ATHLETICS

COACH J. K. RASH

## THE COACH

Coach J. K. Rash is a graduate of Penn College, Oskaloosa, Iowa. From the Y. M. C. A. Graduate School at Nashville, Tennessee, he earned his M.A. degree.

He was elected President of the Kentucky Junior College Athletic Conference for the 1938-39 season, thus bringing honor to his team and to Pikeville College. Coach Rash has established his ideas of good sportsmanship by having his team play not only to win, but also to gain pleasure from playing. He is well liked because of his liberal views concerning athletics. This year's success is a tribute to his clean thinking.

## CHEERLEADERS

Launa Ruth Varney and Eunice Chapman led the crowd that cheered the "Bears" on to one of their most successful basketball seasons. The entire school thanks them for their splendid loyalty and invaluable service to the team.

# THE BEAR SEASON

Long before basketball practice started, there was a note of enthusiasm about the prospects for the best basketball team at Pikeville College in several years. With eight lettermen returning, a good group of Freshmen and fine Sophomores, the outlook was very bright. The boys practiced hard for three weeks, and then came the game with the Alumni. Coach Rash used numerous substitutions in trying to find a clicking combination. The outcome was a 36-24 victory for the Bears. The next game was against Bluefield on the Bear floor. The Bears were beaten 37-29, and fans began to doubt whether very important to Coach Rash, as he found

a new combination. Following Sue Bennett this year's team would be as good as foretold. However, fans had only a short time to think about the subject, because the Bears, with a new combination, began clicking and soundly trounced Morehead Frosh 52-44. The next game was played at Bluefield, where the Bears got revenge for an earlier defeat by beating the Bluefield quintet 50-39. The Bears returned from their Christmas vacation and started conditioning for the rest of their schedule. Their first game after vacation was with Sue Bennett. They had to use a revised line-up because of injuries, and won 49-44 in an overtime period. This game proved

*First Row:*

King, Venters, Hays,  
Varney, Coach Rash,  
Hylton, Johnson.

*Second Row:*

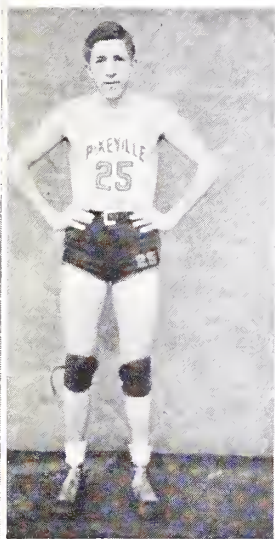

Blackburn, Gillespie,  
Tolliver, Sullivan, Lowe,  
Preece.

*Third Row:*

Clark, Hudson, Greer,  
Layne, Bevins.

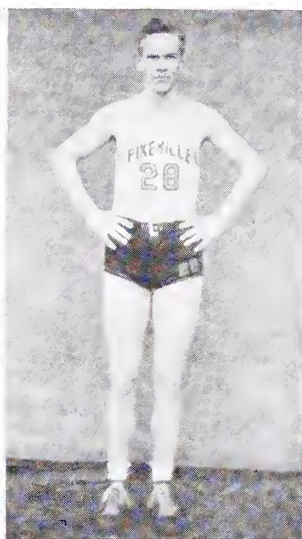

**BLACKBURN**

Clyde got off to a slow start, but came out of it in time to win the high score honor. This was his first year with the Bears, but he won such honors as All-Kentucky Junior College and All-Southeastern Junior College, and should be a mainstay to the next year's team.

**LAYNE**

R. C.'s ability to score by out-breaking his guard gave him the second high score honors. He is a fighter under both baskets. He was picked as forward for the All-Kentucky Junior College team.

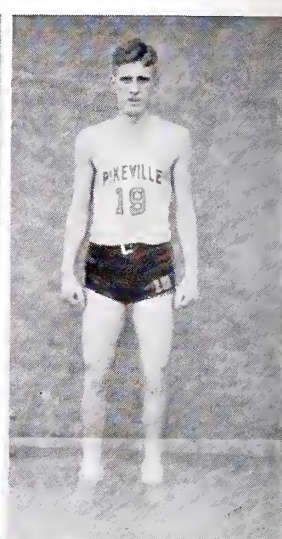

**SULLIVAN**

Sam's outstanding defensive ability, coupled with his ability to hold the team together, gave the Bears many successful games. He made the All-Southeastern Junior College Second Team and was one of the best passers ever to wear the Orange and Black. The man who fills Sam's shoes will have a job.

**CLARK**

Being first-year man was quite a handicap to Malloy. He was an outstanding defensive player and should be one of the "regulars" next year.

**JOHNSON**

Stud's good shooting and accurate passing were the most effective means that the Bears could use against any team. His fighting spirit will be missed on next year's team.

nett, came the game with the Blue Raiders of Lindsey Wilson. Lindsey Wilson came to Pikeville with a very good record. However, after Lindsey Wilson led at the half-time 18-10, the Bears turned on to score 32 points against their opponents 9 points, winning 42-27. The next game was with Lee's College, whom the Bears beat 52-33. Following the Lee's game, came Campbellsville. The Bears took Campbellsville by the rather one-sided score of 48-28. Then they journeyed to Ashland in the initial contest for the Ashland quintet, and beat a hard-fighting Ashland team 49-23. The Bears returned home, where they were

hosts to Beckley. The Bears humiliated Beckley by a score of 63-27. After the Beckley victory, the Bears went on a three-day trip. At Campbellsville, they beat that quintet 51-46. The following night Lindsey Wilson, seeking revenge, handed the Bears their second defeat of the current season, 55-43, the Bears having led at the half-time 29-25. In their final game on this trip the Bears again beat Sue Bennett 29-20 in a very slow and listless game. The Bears returned to their own floor and beat Kanawha 59-33. Journeying to Morehead, they beat the Frosh 32-26 in a game that at times resembled football. In their

**LOWE**

Bob came from Louisa and broke in on the first five near the close of the season. He is a consistent threat on offense and should keep the Bears in the running next year.

**HUDSON**

Height is one of Ted's best assets. He is a good utility man, being able to fill any position. He was one of the reasons that the Bears went so far in the Southeastern Junior College Tournament.

**KING**

Boo Boo could be depended on to take care of both forward and guard positions. Outstanding skill on defense and unusual ability in breaking up plays are his good points.

**PREECE**

Keeping cool and carrying out instructions while in action made Preece a very valuable man. His shooting and passing will work well in next year's combination.

**VARNEY**

This was York's second year as manager, but he could well be called assistant coach. He was faithful and loyal, and took good care of both Bears and equipment. His looking after every little detail made him an important factor in this year's success.

next appearance, the Bears saw the conference title slip out of their hands as they lost to Lee's College 42-40 in a very close game. Making their final appearance at home, the Bears beat Ashland 43-25.

The Bears, in the Kentucky Junior College Tournament, after winning the first game from Sue Bennett 52-44, lost to Lee's again 40-38. In the consolation game, the Bears beat Campbellsville 48-45. In this tournament two Bear players, Blackburn and Layne, were named on the All-State Team.

The Bears went to Cochran, Georgia, to the Southeastern Junior College Tournament, and were runners-up in this tour-

namment. In their first game of this tournament the Bears beat a highly favored Snead team 37-34. In the semi-finals the Bears beat a strong Hiwassee team 50-33. In the finals the Bears were badly beaten by a strong, clean-playing, hard-driving Tennessee Wesleyan quintet 48-27. At this tournament Clyde Blackburn was chosen on the All-Tournament Team, and Bill Sullivan on the Second All-Tournament Team.

This has been a very successful season, with a record of 18 wins and 5 defeats. The student body is behind Coach Rash and his future Bear teams, and it sincerely wishes him and his teams the best of luck.

### TOURNAMENT

In the Tournament, the Cubs beat Hellier in the first game 23-19. In the semi-finals the Cubs lost to Virgie 36-17. In the consolation game with Dorton, the Cubs lost 33-24.

### CHEERLEADERS

MARRS

HAMBLEY

## CUB SEASON

With the outlook not too bright for a successful season, the Cubs had about four weeks practice before their opening game. In their first contest with Cumberland, the Cubs trounced the Cougars 31-26 in a very unexpected win. Then came the game with John's Creek, and the Cubs were nosed out 25-24. After the John's Creek game, the Cubs played at Hellier and won 17-15. The Cubs played Majestic next, and clicking beautifully, beat Majestic 35-16. After Christmas vacation, the Cubs traveled to Virgie, where they met and beat Dorton 20-13. Dorton came to Pikeville next and got revenge by beating the Cubs 31-20. The Cubs played at Betsy Layne and lost by a very close score 27-25. Then they went to Maytown, where, after having a good lead until the last quarter, they lost 23-19. The Cubs were hosts next to Virgie and came very close to staging an upset. Virgie finally won 23-21. As hosts to Betsy Layne, the Cubs lost a heart breaker 17-16. The final field goal for Betsy Layne was scored during the last four seconds of the game. The Cubs beat Maytown 22-13 in their next conquest. Following the Maytown win, the Cubs were the victims of Wheelwright on the Wheelwright floor, 25-17. In an overtime period the Cubs won from Hellier 18-17 in a very hard-fought contest. The Cubs went to Virgie for their next game and were beaten 25-16. Wheelwright came to Pikeville for a return game and won 28-25. Cumberland was the downfall of the Cubs in their next game, winning 31-23.

## MEMORIES OF 1938-39

Hey, fellow students, this is to remind you that during this year we have had quite a number of highlighting events which should not be pushed into the corner and labeled as "forgotten memories." In fact—wait just a minute, fellows—I do believe Ralph Johnson has pushed June Pugh over the bank! Yes, he has, and that makes the score even. Well, as I was saying, the events of the year naturally begin with the gong of Registration Day, and what a day, with one hundred thirty-seven Freshmen trying to make out their schedules and wondering why in the world they have to sign their names so many times!

On October 22, we learned of the death of Mr. W. C. Hambley, who was Supervisor of Buildings and Grounds. He was a faithful servant of the college, and his interest and cooperation will be keenly missed even by those who did not know him intimately. Founders' Day this year was well worth its praise because the members of the Alumni Association presented

a program which was very impressive, especially for the "vanishing Sophomores." (Future alumni; and won't someone please tell Katie Smith that alumni is not pronounced aluminum?) Mrs. Call, president of the Association, was in charge of the program which was given in the Chapel. At the end of the program, much to the surprise and delight of everyone, Miss Spilman (the best Biology teacher in Pikeville College) was presented with an honorary membership in the Association.

Fellows, wasn't Freshman Week a nightmare? There were more idle hairpins and combs that week than at any other time during the history of the college. And honestly, the boys were just too, too adorable (tut, tut). Some of them would be knockouts if they'd use an occasional dab of lipstick and powder. The day of execution ended in the usual way—with rain (but to the advantage of the Freshman). For further information I would refer you to the picture section, page 48.

## MEMORIES OF 1938-39

In October, Mr. Leitch introduced Mr. Ray King of Australia to the college. The two had attended Cambridge at the same time. (What happened to YOUR accent, Mr. Leitch?). Mr. King told us some very interesting things concerning the war scare in Europe, especially the attitude which England had taken. And thank goodness, he did *not* predict a "Spring War." He told one of our ace reporters that he liked Pikeville much better than New York. (And why not?)

The softball season ended with a series of games between the college teams and also between the local teams. The Hornets defeated the Frosh B team to become champions for the second year. The Pikeville College All Star Team played the Power Company in the finals, but the All Stars were defeated. All of these games were played on the New Athletic field which lies directly behind the College Academy.

The basketball season opened with an intramural tournament in which the Sweet Peas de-

feated the Frosh A's in the final game. Tolliver, Sykes, and Blackburn were runners-up in score. Recalling the words of Coach Rash that the Bears will "go places" this year, we refer you to something which resembles proof. The Bears "et up" victories from the Alumni, Morehead Frosh, Bluefield, (there) and Sue Bennett. Only one loss kept them from having a perfect record for the first of the year, and that was the game here with Bluefield. Keep up the good work, Bears; we're behind you!

The faculty practically "slew us" at Chapel with their version of a radio program (or at least that's what Mr. Davis said it was). Mr. Leitch quietly stole the show with his boyish shyness when he played the first, second, and third movements in G Sharp Minor. A:B as X:Y—who started this anyhow? The program *was* good—we'll have to admit, even though we did notice that it was given just before we got out for the holidays (probably in hopes we would forget it).

## MEMORIES OF 1938-39

On December 20, the College Choir, under the direction of Miss Alta May Lombard, gave its annual Christmas Carol service in Wickham Chapel. Again we take our hats off to Miss Lombard.

Remark overheard from one of the Sophomores: "Am I burned up! I didn't get in *Who's Who of America* for this year!" (Ho, hum).

Time out for Christmas, fellows, and don't forget to remember that you're "just home for the holidays."

Happy New Year, everybody, and here we go again! Some of the faculty are still humming "Auld Lang Syne," and if I'm not mistaken, I saw a wee bit o' confetti in Mr. Rummel's hair (tsk, tsk, tsk—hope he made some new resolutions). However, we don't blame them all for being happy; vacations at home, seeing all their old friends again, anticipation of mowin' us down in exams —(keep quiet, Freshmen!).

Two of our girls, Juanita Burke and Wilma Hackney, decided that "life is just an empty dream without you," so they took their dreams walking up to a minister.

President Crooks attended the thirty-eighth annual meeting of the Presbyterian College Union, January 9 and 10, at Louisville.

The Bears march on. Victories over the following are announced: Lindsay-Wilson 42-27 (Layne, Tolliver, and Blackburn doing extra special); Sue Bennett 49-44 (Stud at his best); Campbellsville 48-28; and Ashland 39-23. More power to those growling Bruins and also to the little "Bars" (Cubs to you).

On January 23, Miss Louise Meebald, Church Commissioner for China, talked to the student body about present conditions which now exist in that war area. Miss Meebald, on a year's furlough, was on her way to Chicago, which is her home.

NATIONAL BANK

We are Proud to Stand With Pikeville College in 50 Years of Progress  
and Achievement

An increase in the use of black coffee and aspirin announced the arrival of semester exams. Dr. Crooks very quietly told us there would be no exemptions, which caused sighs and sorrows among "our better students"; and if, perchance, you were kept awake by those "crammin' poopils," don't feel too much like a martyred educational saint until the college has seen the light bill, and the "poopils" their grades. Anyhow, we fought a good fight!

On February 7, the Music Appreciation Class presented Hardin Van Deursen, concert baritone, in a recital at Wickham Chapel. If you are one of the unfortunates who missed that concert, feel sorry for yourself. Miss Lumbard accompanied him at the piano. There was a reception afterwards at which Mr. Van Deursen and his charming wife were introduced.

## MEMORIES OF 1938-39

Did you notice how the sports items were headed in the latest Record? Just in case you didn't, look at this: Campbellsville loses to Bears, 51-46; Morehead Fresh Bow to Bears, 32-26; Bears Defeat Sue Bennett, 29-20; Bears Beat Beckley, 63-27; Bears Victorious Over Kanawha, 59-33; and last of all Bears Lose to Lindsey Wilson, 55-43. So much for the Big Bears—come on, Little Bears, stick out those claws and dig into that tournament.

Rev. J. T. Galloway, pastor of First Presbyterian Church of Lexington, gave two interesting Chapel programs on "Church Music" and "Primitive Musical Instruments," February 8 and 9. Especially interesting was his presentation of the common drinking straw as a musical instrument. (Certain party, not me, saw Ted Hudson trying to get 'um music out of 'um heap big milk shake straw—Tsk, tsk, tsk; he didn't believe it could be done.)

The debating team made two trips recently to Georgetown College, and the Junior College at Rio Grande.

## CAMPUS FUN

Mr. Curtis: Do animals show that they love us?

"Yes Sir!" answered the class.

Mr. Curtis: Good, now will you tell me, what animal has the greatest natural fondness for man?

Burke: Woman.

\* \* \*

Miss Landrum: John, I want you to compose a short essay in which you will tell me something about every day in the week.

The next day John Preston handed in this essay: "Monday Henry Arnette and I killed a deer, and there was enough meat to last over Tuesday, Wednesday, Thursday, Friday, Saturday, and Sunday."

\* \* \*

Mr. Rummel: Hubert, what is the effect of heat and cold?

Hubert Glass: Heat expands and cold contracts.

Mr. Rummel: Now give examples.

Hubert: In the summer the days are long, and in the winter they are short.

## "SINK OR SWIM"

By  
Horatio Alljeer Wottaschnozzle

"SYKES alive!" said Mammy Twiddlely, looking through the GLASS at her son Tippy hoeing in the garden. "He shore is a BUM-GARDNER, ain't he, Pa."

"He shore is!" agreed Pa. "All he thinks about is store BOUGHTON clothes and making love under the light of the MOON. The trouble with that boy is he ain't got no self CANTRELL. When I was YOUNG things like that didn't bother me any."

"Tippy," said Mammy, SPARKS flying from her eyes, "You lazy thing, come and eat."

"Hokay, keed," said Tippy, coming into the house and clucking the old man under the chin. (Pardon the HACKNEY—ed style.) "Hi, pater!" says he.

"HATCHER service, suh," drawled Pa, who could be cute when he wanted to. Tippy sighed as he saw a ROACHE or a LEITCH run across the table. He slapped at it with a newspaper and spoiled the front PAGE.

"LANDRUM'S sake!" said Mammy.

"Have a HART!" said the LEITCH.

"Did my TAYLOR call up?" said Tippy.

## WOMAN!

A chemist (a man) has at last been able to analyze women, and here it is:

Symbol: WO. A member of the human family.

Occurence: Can be found wherever man exists.

Physical properties: All colors and sizes. Always appears in disguised conditions—surface of face seldom unprotected by coating of paint or film of powder. Boils at nothing and may freeze at any moment. Melts when properly treated. Very bitter if not used correctly.

Chemical properties: Extremely active. Possess great affinity for gold, silver, platinum, and precious stones of all kinds. Violent reactions when left alone by man. Ability to absorb all sorts of expensive foods. Turns green when placed next to a better appearing specimen. Ages very rapidly. Fresh variety has great magnetic attraction. Highly explosive and likely to be dangerous in inexperienced hands.—*The Daily Illini*.

"TAYLOR!" exclaimed Pa. "MOORE clothes, I suppose? How do you expect me to make ends MEADE? Why, we're lucky to have even a CRUM in the house. Your expenses are putting us in the poor house!"

"They ARNETTE!" objected Tippy, "But if you say so, I'll go."

"Heading NORTH, eh son?" said Pa, trying not to sound too eager.

"No, I think I'll go VASS," said Tippy with finality in his voice.

"Well, don't let me hurry you off, kid," said Pa, handing him his hat.

"Goodbye, son," said Mammy, tearfully.

"I'll miss your three square MILLS a day," said Tippy, kissing her on the CHEEK. "This sure does make me feel LOWE." Then he packed his clothes.

"DOTSON of ours might amount to something yet," said Pa, watching him disappear down the road.

"Nothing could be SWISHER!" cried Mammy, all a TRIMBLE. "I do hope he'll write DAILY."

Tippy wandered down the winding highway thinking of his FARMER years and still somewhat in a HAYS. Just then he heard someone CALL.

"HALE, fellow," came the voice from an automobile JUSTICE Tippy was about to turn off the highway by a certain LAYNE.

"Get in," said a voice. "This car ain't much, but it beats a HAWES!"

"MORRIS you drive like that?" inquired Tippy, noticing that the other's driving left a bit to be pined for after they had driven a bit.

"SIMMS to me I'm driving this car," said the driver.

"Let me out," said Tippy. The car stopped and Tippy got out.

"If you were HUFFMAN you'd get out and fight!" declared Tippy, but the car went on. "That's just about enough to COOKE my goose," he thought. "HUGHES is a viper!" he called after the car. "And a whole bunch of CROOKS besides!"

After walking a long time, Tippy began to tire. He began wishing that he had a cigarette. Then he shed a tear, for he remembered that that wasn't one of the right kind of HIBBITTS. He cried so much that his tears formed a big POOLE all around him, and he drowned, which is just as good a way to end this as any.

### FOUNDERS' DAY

The 1938 Founders' Day activities began on the eve of Founders' Day—Wednesday, October 26, with a musical given in Wickham Chapel at 8:00 P.M. This program was followed by a beautiful reception given by Pikeville College Alumni, honoring President and Mrs. Harry Means Crooks and Miss Alice Record, Dean of Women and Registrar. The reception was given at the Derriana, and was attended by many alumni and friends.

On Thursday, October 27, a meeting of the Board of Trustees was held at nine o'clock, and the Alumni Association had charge of the chapel hour between eleven and twelve o'clock. At this service Miss Mary I. Spillman, Head of the Biology Department, was given an honorary membership in the Alumni Association in recognition of her twenty years of service as a member of Pikeville College faculty. The speech of the morning was made by Dr. Crooks. Following the chapel hour, luncheon was served in the college cafeteria to trustees, members of the faculty, the student body, alumni, and visitors.

An interesting feature of the day was an intramural basketball tournament during the afternoon in the gymnasium. The Training School was open to visitors, and tea was served in the Training School Library.

## CAMPUS FUN

Mr. Page: It won't work.

Dr. Crooks: What won't?

Mr. Page: The idea of thought transference. Tried it on my tailor. I looked at him steadily until I had his undivided attention, then I said very slowly, "That—bill—is—paid."

Dr. Crooks: And what did he do?

Mr. Page: He said, "You're a liar!"

\* \* \*

Billie Burke: What keeps the bricks in a building together?

William Baldridge: Why, the mortar, of course.

Billie Burke: That's funny. I thought that was what kept them apart.

\* \* \*

Mr. Davis: What are you going to be when you get out of college, Blanche?

Blanche Trivette: A "Bull" fighter.

\* \* \*

John Paul Compton, rising from the side of the car, looking very exasperated says: It looks as though we are out of luck.

Hubert Glass: Why?

John Paul: Well, we have only one lug wrench, and there are six lugs on the wheel.

\* \* \*

Mrs. Hart, touching her grey skirt: What color is this, Moscoe?

Moscoe Blackburn: Dark white.

Mrs. Hart: No, there is no such color.

Moscoe: It must be light black then.
